

JUNIOR BACKEND DEVELOPER

THIBAUT FOURNEAUX

ABOUT ME

I'm a junior web developer with a **deep-rooted passion** for IT. My love for **coding** and **computers** has helped me get through many hardships in my life.

Thanks to the trainings I've been following, I've acquired a proper level in **back-end** developer as well as in **front-end**. I always want to learn more and expand **my knowledge**. Meanwhile, I'm always available for my fellow trainees whenever they
